

NOAA FISHERIES

Shortfin Mako Sharks

Are you catching shortfin mako sharks?

Keeping shark populations healthy is as easy as 1-2-3.

1. Catch and release a shortfin mako shark
2. Go online to:
<http://go.usa.gov/juk>
3. Submit information about your release and put your mako on the map

Release Mako Android App

Get the app for free
and report your shortfin mako
shark releases from the water!

Smartphones for Smart Fisheries

1. Download the free Release Mako app
2. Catch and release a shortfin mako shark
3. Use the app to share your release report while you're out on the water

To download, go online to
<http://go.usa.gov/Zng> or
scan this QR Code with
your phone →
